

## ENOUGH FRAUD EXPOSED.

## DOCK INVESTIGATORS CALL A HALT.

TIME FOR THE MAYOR TO ACT—WILL THE EXPOSED COMMISSIONERS RESIGN?

The last public session of the Dock Department investigation by the Commissioners of Accounts, at least for the present, occurred yesterday. Two witnesses, Controller Theodore W. Myers and Randolph Gardner, Inspector of Docks, gave testimony, after which Corporation Counsel Clark addressed the Commission, saying that in his opinion the time had arrived when it was proper to suspend the investigation, temporarily at least, and report to the Mayor what had been discovered as to the present condition of the Dock Department. Commissioners Holahan and Barber, after a short consultation, announced that they concurred in the suggestion of the Corporation Counsel and would adopt it, and that the public hearing would be discontinued until further notice. A type-written copy of the testimony taken, and prepared by the official stenographers, was therefore sent to Mayor Grant, with the following letter:

We have arrived at a stage in our investigation into the affairs of the Department of Docks where we feel that we should delay no longer in calling your attention to the inefficiency and maladministration as shown by the testimony that we have taken under oath, and which we submit herewith for your consideration.

EDWARD P. BARBER,  
Commissioners of Accounts.

On receiving this letter and the testimony, the Mayor said that it seemed to be a matter which demanded his immediate attention, yet he could not be expected to take action of any kind until he had sufficient time to read the evidence submitted and to weigh it carefully. He declined to indicate what his plan of operation would be, but there is a general expectation, which appears to be well founded, that the proved bad condition of the Dock Department and general unfitness of the Commissioners properly to administer it must lead to the adoption by the Mayor of the most summary measures which the law provides for a reorganization of the Dock Board. Section 108 of the Consolidation Act provides that:

"The heads of all departments may be removed by the Mayor, for cause, and after opportunity to be heard, subject, however, before such removal shall take effect, to the approval of the Governor, expressed in writing. The Mayor shall in all cases communicate with the Governor in writing his reasons for such removal. Whenever a removal is effected the Mayor shall, upon demand of the officer removed, make in writing a public statement of the reasons therefor."

The purpose of the Corporation Counsel in calling Controller Myers yesterday was to ascertain what check existed in his office for preventing the payment of illegal or fraudulent vouchers which might come from the Dock Department. In answer to questions Mr. Myers said that he was aware of the agreement existing between the Dock Department and the Union Dredging Company for crib work at \$1 per cubic yard and 20 cents per cubic yard for mud dredging, and he admitted that he was wholly dependent upon the certificates sent in by the Dock Commissioners as to the quantity of dredging done, and was accustomed to pay the Union Dredging Company upon such certificates. The Controller testified also that in paying for the Docks Department supplies the "treasurer's" name was used as a signature, and that the "treasurer" was regarded as an authorized agent of the Dock Commissioners, provided the charges for supplies were not above the market price. Mr. Myers said that the price of the cement often varied as much as 25 cents on the barrel in one day.

Both Commissioners Holahan and Barber said yesterday that they had no intention on their part of abandoning the investigation, and they were well-satisfied that a speedy change in the composition of the Dock Board would immediately set them in bringing to light other dark matters relating to the Dock Department.

It is believed that President Post and Mr. Matthews of the Dock Department, will refuse to offer their resignations. Mr. Matthews said yesterday: "So far as I am concerned personally, I am not in the least bit of a mind to resign. If the Commissioners of Accounts consider that they have grounds to make specific charges for my removal, it will then be for me to appear and reply to those charges. In such case, we shall be represented by counsel, and one side of the condition of dock affairs will not be brought out by the expense of another. I have nothing to complain of personally from this examination, but I wish the public would not pass its verdict until the Department has as fully presented its side of the case as the Commissioners of Accounts have presented the side which they have made to appear so unfavorable."

## ROUNDSMEN NOT VIGILANT ENOUGH.

MANY OF THEM IN DANGER OF BEING RE-DECEIVED TO PATROL DUTY.

Many roundsmen of the police force are in danger of being re-deceived to patrol duty because they have not been active enough in making complaints against delinquent patrolmen. Recently the Commissioners directed that most of the complaints against bad patrolmen were made by a few roundsmen, while other roundsmen seldom made charges against the men. A partial examination of the records in Complaint-Book Peterson's office showed that in one precinct a roundsman had discovered eighty patrolmen neglecting their duties or violating the rules in a year, while another roundsman had made only half a dozen complaints for the same time. The Commissioners directed yesterday that a roundsman who did not make at least fifteen complaints in a year might be considered to be neglecting his duty, unless he was detailed in a place where he had few opportunities to watch patrolmen. The Commissioners directed Chief Clerk Kipp to prepare a table showing the records of the roundsmen for the last five years. As soon as the roundsmen learned of the action which might result in re-deceiving them to patrol duty, they looked up their political backers and asked them to use their influence at Headquarters. The result has been a rash of local politicians to the offices of the Commissioners, and the action on Mr. Murray's report may be delayed several weeks.

## TO CELEBRATE A TEMPERANCE EPISCOPY.

The quarterly meeting of the Woman's Christian Temperance Union was held yesterday afternoon in the lecture-room of the Church of the Saviour, in East One-hundred-and-ninth-st. The president, Mrs. Margaret P. Buchanan, called the meeting to order. There were also present Miss Julia Coleman, corresponding secretary; Mrs. Cornelia H. Peck, recording secretary; Mrs. C. S. Lord, treasurer. Reports were made by the various societies. On the subject of Temperance Instruction in the schools, by Mrs. Mary E. Carter, on Foreign Work, by Mrs. W. Veligut; on Temperance Literature, Miss Coleman; on Woman's Franchise, Mrs. Dr. Ellerson; on Parlor Meetings, Mrs. Dr. Kitchin, on Prison and Jail Work, Mrs. Isabella Thomas. It was reported that there were at present fourteen active and five young ladies' unions in New-York County. A committee of four women was appointed to make arrangements for the celebration of the anniversary of the first uprising of women against liquor-shops in Ohio, on December 25, 1873, known as "Crisis Day." The celebration will be held in Temperance Hall, in East One-hundred-and-ninth-st., and will be attended by all the county unions.

## A POLICEMAN OF A CHANGEABLE MIND.

Distress-Attorney DeVos went before Judge Martine yesterday with the papers in the case of Vincenzo Rocco, Salvatore Vitrore, and Giuseppe Vitrore, who were charged with assault in the first degree. Police man Patrick H. Congrove was the complaining witness. He had been called several times, but did not answer. Mr. DeVos said: "I ask for the dismissal of these indictments. Officer Congrove said at the Police Court on March 24 these men attacked him and fired pistol shots at him. He identified these men as his assailants, and now he says that he does not and never did know who fired at him, and cannot identify the defendants. Congrove is an informed person, who was a member of the police force, and I will call the attention of the Police Commissioners to his conduct." The indictment was dismissed and the bondsman discharged from liability.

## EXTORTION MONEY FROM PEDDLERS.

Controller Myers has been receiving letters during the last month complaining that some one with the name of authority has been collecting money from licensed vendors in several parts of the city on the ground that additional fees were due to the Market Bureau. An investigation was set on foot, and on Saturday night Inspector Rapp and Detective Sergeant Hearn, of the Central Office, went along Ninth-avenue and between Thirty-seventh and Forty-second streets, found Robert Burke, an assistant forking man from Street Cleaning Department, who was forcing money from peddlers who were drawn up at the curb. Burke said that he had been detailed by Commissioner Coleman to clear away the garbage from the sidewalks and to demand money from the peddlers who refused to pay. He was not arrested, but the facts were reported to Mr. Coleman yesterday afternoon.

## THE INVESTIGATION WILL BE SECRET.

The special Treasury agents appointed by Secretary Windom to investigate Dr. Sherer's police-sugar sales began their labors yesterday at the Appraiser's stores. When the commission came together General Spaulding, the chairman, announced that they had considered at length the nature of the letter giving them their appointment and had determined that it would not be in keeping with the spirit of that letter to make public the results of the investigation

before these results had been presented to Secretary Windom. Meanwhile the investigation would go on as rapidly as possible.

## NEW-YORK CITY.

General Daniel Butterfield will present a flag, as an award of distinction at the Centennial parade, to the United German-American Butchers' Industry of New-York and Brooklyn, at the Lexington Avenue Opera House at 4 o'clock to-morrow afternoon. There will be a reception and dinner.

The Flack case did not come up in the Court of Oyer and Terminer yesterday, and it was said that it had been postponed indefinitely on account of the illness of Judge Monell.

At the regular weekly conference of the Reformed pastors, held in the Synod rooms in Lead-st., yesterday, the discussion was upon "The Conservative Influence of Creeds," a paper on which was read by the Rev. G. D. Hildt.

A Coroner's jury yesterday, in the case of Mrs. Fannie Long, who on October 16 was run over by a car, and injured by an Eight-ave. car, censured the company for not having careful employees.

E. Berry Wall, fearing that he might be suddenly arrested on contempt proceedings, required his counsel, Orlando T. Stewart, to make application before Judge Holmes, in the City Court yesterday, that Wall should receive notice of any attempt to cause his imprisonment in Ludlow Street Jail, so that he may be enabled to explain away any complaint likely to be made. Counsel for Wall's creditors assured Mr. Stewart that no such action was contemplated for the present.

Saverio Scellano and Francisco Morano were held in \$1,500 bail each in the Tombs Police Court yesterday for trial in the Court of General Sessions, on a charge of stealing \$300 from Antonio Roma, a junk-dealer, of No. 73 Washington-st., Brooklyn, by the common count scheme.

The December reunion of the New-York Press Club will take place to-morrow evening. Several well-known entertainers will sing and recite.

An entertainment will be given this evening at Stegway Hall, under the direction of the well-known and popular entertainer, Marshall P. Wilder. The Brunswick Quartet and several prominent people will take part.

A public meeting will be held in the Mayor's office at noon to-day, for the purpose of hearing all persons interested in the application of the Metropolitan Crows-town Railway Company for permission to lay tracks in certain streets and avenues from the Grand-st. ferry to the Fourteenth-st. ferry.

Visitors to Surveyor Lyon's office yesterday saw a transformation going on, which will turn the office into a pleasant and more accommodating quarters. Partitions have been pulled down, and a larger reception room has thus been obtained. The Auditor's quarters have been taken over by the Surveyor's office, so that Mr. Lyon can have his forces more easily within grasp.

It is Captain Snyder, of the Alene, of the Atlas Line, who reports this time that there is dissatisfaction in Hayti over President Rhyppelle's Administration. He arrived here yesterday, and said that while there was no indication of an outbreak, there was yet in the northern parts of Hayti a feeling against the new President, on account of what the people there considered his unjust taxation.

A revenue cutter will soon be stationed at White-stone to board incoming craft from the British provinces, and see whether there is any truth in the stories that smuggling is practiced.

The fair of the Adams Memorial Church, Thirtieth-st. and Third-ave., will open to-day and continue until to-morrow night. A collection of valuable works of art will form a leading feature of the exhibition.

The regular weekly meeting of the New-York Baptist Ministerial Conference, Second-ave. and Tenth-st. The Rev. Dr. English, of Newark, presided, and the Rev. Wilbur F. Crafts read a paper entitled "Are Sabbath Laws Consistent with Liberty?"

The Rev. Dr. Maynard will deliver an illustrated lecture on "The Cathedral of France and Germany" to-morrow afternoon in Chickering Hall.

The Washington Memorial Arch Fund now amounts to \$81,583.31.

General Charles W. Darling will lecture in the free course before the New-York Academy of Anthropology to-day at 3:15 p. m. in the Training College, No. 9 University Place, on "The Prehistoric Archaeology of the United States."

The Frankfurter Society for Aid of the Sick celebrated its twenty-first anniversary last evening. The latest device in automatic machines is one that produces a cigar upon receipt of a nickel in the familiar slot. It is also equipped with a magnet which throws off the bad coin into a receptacle made for that purpose.

Broadway from the Postoffice to Wall-st. was a continual blockade yesterday, and the deep mud in the streets made pedestrians truly miserable.

## TOBACCO-HEART.

Some Unpleasant Truths for the Habitual Smokers and Users of the Weed.

According to a recent paper read by Dr. Adolph Zieher before the German Medical Congress, the excessive use of tobacco produces certain diseases as surely as a hot iron will produce a burn.

According to Dr. Zieher, who is not an anti-tobacco crank (using the weed in moderation himself), the effect of tobacco on any 100 men is about as follows: On 20 per cent a milder poison, and should never be used in any form, producing on such men neuralgic spasms of the heart, weak action, fainting, dizzy spells, confusion of mind, dyspepsia, etc., etc., on 60 per cent, nervousness, and in 10 per cent, no evil and some good effects.

His research and experiments prove that excess in tobacco produces thousands of cases of heart disease, makes multitudes of dyspepsias, causes many sudden deaths from Neuralgic Spasm and Faintness of the heart. Angina Pectoris, produces cancer of the mouth, throat and tongue, extreme nervous exhaustion and bloodlessness of the brain and spine, cancer of the stomach and bowels and abscess of the liver.

Dr. Zieher's researches also show that tobacco is a powerful and effective antidote to poisoning by nitrobenzene, besides being a direct and distinct curative of those diseases produced by excess in tobacco. It has saved many a young cigarette smoker's life. Tobacco produces dyspepsia, R. R. N. cures it. Tobacco produces anemia or bloodlessness of the brain, faint spells, giddiness on stooping, spasm of the heart, weak pulse, headache, nervousness, etc., etc., R. R. N. cures it.

ROYAL NERVEINE cures or counteracts all of these. If you are a heavy smoker, reader, and can't get quit, even with the cancer of General Grant, the Crown Prince of Germany and hundreds of others staring you in the face, at least use an antidote. It will do you no harm certainly, and may, very probably, save your young life. Buy it, use it, and see if it is as strong, bounding and robust as it should be without tobacco.

Mary O'Donnell, living at No. 22 Hamilton-st., was knocked down last evening and run over by an evening newspaper's delivery wagon at James and Madison sts., while on her way to church. She was taken to the New-York Hospital, where it was found that her right leg was broken.

An advertisement appeared in a Philadelphia paper yesterday offering a reward of \$1,500 for the return to Mrs. A. Oppenheim, of No. 174 East Ninety-sixth-st., this city, of a lost package containing \$8,500. Mrs. Oppenheim said that a friend of hers had lost the money, but would not say where it had been lost.

SAYS HE WAS DRUNK WHEN HE TOOK THE COAT. Charles E. Williams, who is said to be the author of "The Blue and the Gray" and of several novels, was at the bar of the General Sessions yesterday. He is over fifty years old, and he wept bitterly while he stood before Judge Gildersleeve. He had been convicted of grand larceny in stealing an overcoat and satchel, valued at \$70, from the International Hotel. His excuse was that he was intoxicated and had walked away with another man's overcoat by mistake. His counsel yesterday introduced letters and affidavits from state officials and Supreme Court judges of Maine and from prominent citizens of Bangor, showing the good opinion in which Williams was held. Judge Gildersleeve suspended sentence and Williams was discharged.

DANGEROUS TO ADD WHISKEY TO VINEGAR. Marshall, Mo., Dec. 9.—A colored deputy policeman named Vinegar, while under the influence of liquor, in Higginsville, thirty miles west of this city, last night, fired his revolver promiscuously into a crowd of white people as they were leaving the Opera House after a performance. One young man was shot through the head and mortally wounded and others were more or less injured. Vinegar escaped and has not yet been captured, although a posse of men is scouring the country in search of him.
